BEECHER SPECTACLE TELESCOPES					

Beecher Mirage

The most powerful and versatile range of spectacle binoculars available. Twice the field of view of conventional telescopes with 3x magnification. Enjoy TV, theatre & cinema at normal distances whilst using high levels of magnification. Also suitable for fishing, viewing sporting events & sightseeing. They focus from approx. 2.5 metres to infinity.

Z-B3X25B	EXD	3x25 Beecher Mirage Binoculars (<i>Slight Marks, No Bag, No Box & No Strap</i>)	£535.00	£267.50	£321.00
-----------------	------------	---	---------	---------	---------

Additional Lenses

These additional near-vision lenses convert your Beechers Mirage for closer focusing activities such as reading and hobby work at normal distances. There are eight lenses from 1dpt to 8dpt. Simply choose your preferred working distance, a +1dpt lens will focus down to approx. 1 metre and a +8dpt lens to approx. 12.5cm.
